25 Practical Ways to Use AI

Beyond Writing Emails

25 practical applications for ChatGPT, Claude, Gemini, and other AI assistants.

By Weiwei Hu

1 Get Things Done at Work

01 · Project plan	02 · Document brief	03 · Meeting prep	04 · Role-play	05 · Notes to actions
Break a complicated project into manageable tasks	Extract important information from long documents	Prepare for an important meeting	Practice an important conversation	Organize scattered notes into useful actions

2 Take Control of Your Time

06 · Weekly plan	07 · Prioritize	08 · Checklist	09 · Delegation plan	10 · Wellness plan
Plan your week and adjust when plans change	Decide what to do first	Manage recurring responsibilities	Decide what to hand off	Create a personal health and wellness plan

3 Make Better Decisions

11 · Side-by-side	12 · Risk review	13 · Scenarios	14 · Idea check	15 · Root cause
Compare several options side by side	Find risks you may have overlooked	Explore what-if scenarios	Evaluate a business idea	Solve a problem that keeps coming back

4 Make Everyday Life Easier

16 · Money review	17 · Meal plan	18 · Trip itinerary	19 · Home upkeep	20 · Child's learning
Understand where your money goes	Plan meals using what you already have	Plan a trip around your interests and budget	Organize home maintenance and responsibilities	Support children's learning

5 Make Progress on Your Personal Goals

21 · Offer negotiation	22 · Career roadmap	23 · Learning plan	24 · Goal plan	25 · Weekly review
Negotiate a job offer with confidence	Map your next career move	Learn a new skill with a structured practice plan	Turn a personal goal into an action plan	Review your progress and decide what to do next

→ How to use it

Start with one thing you already need to do

1. Pick one task already on your list.
2. Find the matching card.
3. Ask your AI assistant for the outputs on the card, then check key facts.

Complete a complex project

#1 Project plan → #7 Prioritize → #9 Delegation plan → #25 Weekly review

Make an important decision

#11 Side-by-side → #12 Risk review → #13 Scenarios

Make progress on a personal goal

#24 Goal plan → #6 Weekly plan → #23 Learning plan → #25 Weekly review
